Our offer:

Take advantage of our beautiful **Southern Baden** and look forward to the Breisgau and **Freiburg** region as one of the most beautiful cities in Southern Germany. On average, the sun shines here for around 1,740 hours every year, which is why the region is often referred to as the California of Germany. **Switzerland** borders this region to the south, **France** and **Alsace** to the west and the **Black Forest** with its beautiful landscape and many great excursion destinations lies to the east. In addition to the Black Forest as a tourist region, **Lake Constance**, which borders South Baden in the south-east, attracts thousands of tourists every year.

In the heart of Southern Baden is the **Kaiserstuhl**, which is particularly well-known among wine connoisseurs. The well-known grape varieties grown here include Müller-Thurgau, Riesling, Silvaner, Blauer Spätburgunder, Grauburgunder, Weißer Burgunder, and Gewürztraminer. The best way to enjoy a glass of wine is with a visit to a traditional wine tavern, so-called *Straußenwirtschaft*.
